Serving notice · Last working day: 3 December 2026

Java developer with 2+ years at TCS developing and supporting enterprise banking applications. Experience with mortgage-processing APIs, Spring Boot services, SQL persistence, defect investigation and regression testing.

PROFESSIONAL EXPERIENCE

Java Full Stack Developer — Tata Consultancy Services

May 2024–Present | Mumbai | Mortgage loan-processing platform

- Built REST APIs and backend services for mortgage workflows and application integrations using Java and Spring Boot; implemented persistence with Spring Data JPA, Hibernate and MySQL.
- Investigated API, application and database defects; added JUnit checks and collaborated with QA on regression verification.
- Contributed to Docker-based services and Azure DevOps CI/CD workflows, including troubleshooting build and deployment issues.

SELECTED PROJECTS

IncidentIQ — Java incident-response platform | Source and validation

- Java 21 / Spring Boot APIs with PostgreSQL, Redis and Kafka. Transactional outbox, persistent alert idempotency, guarded lifecycle transitions and stale-analysis rejection.
- Advisory investigation with a heuristic fallback and human-controlled responses. Validation report records 19 Java, 5 frontend and 2 browser tests plus a real-stack smoke test. Azure/AKS configuration is not a live deployment claim.

FrameForge — Durable backend workflow | Source and architecture

- Python/FastAPI media workflow with SQLite checkpoints, renewable worker leases, retry/restart recovery and persisted human approval gates. At-least-once execution; provider calls may repeat.

TECHNICAL SKILLS

Used at work: Java, Spring Boot, REST APIs, JPA/Hibernate, SQL, MySQL, JUnit, Git, Maven, Docker, Azure DevOps.

Used in projects: PostgreSQL, Kafka, Redis, OpenTelemetry, GitHub Actions.
Learning: Azure/AKS, Terraform.

CERTIFICATIONS

Microsoft Certified: Azure AI Cloud Developer Associate (AI-200) — exam passed 24 October 2026.
Microsoft Certified: Azure Fundamentals (AZ-900) — exam passed.

EDUCATION

MCA — ABES Engineering College, 2021–2023.
BCA — Institute of Technology and Science, Ghaziabad, 2017–2020.
